May 6th, 2015

On 20 April started the trial against members of the nazi party Golden Dawn (Chrysi Avgi). As presently one of the most important trials in Greece, it receives significant attention, not only in Greece but also worldwide. The trial represents a societal and juridical milestone in the handling of neo-Nazism and regards all of us.

The liaison office of the Rosa Luxemburg Stiftung in Athens supports the initiative Golden Dawn Watch, an observatory that monitors the trial against Golden Dawn. At the end of each day a summary report in English and Greek will be published on the website of the Rosa-Luxemburg-Stiftung and on **goldendawnwatch.org**. The initiative will furthermore present extensive background information about the trial.
